**Any further comment by Applicant and/or Counter Signatory:**

You should be aware that The London and Southern Counties Mineral Industries Institute (MinSouth) wishes to benefit its communities from these Funds and applies the following conditions to your acceptance of this award:

1. That any publications resulting from application of these Funds must first:
  - i) Be offered to the MinSouth to publish, and,
  - ii) Contain proper acknowledgements to MinSouth and the Funds.
2. You should be prepared to make presentations to the Institute (IoM<sup>3</sup>) or its local societies about the work enabled by these Funds.
3. On completion of the work you provide MinSouth with a report on your application of the Funds.

This form, duly completed, should be countersigned by the Applicant's Head of Department, Personal Tutor or equivalent and returned to the address above.

## MINSOUTH SPONSORSHIP – GUIDELINES

MinSouth is the local Society for the Institute of Materials, Minerals and Mining in the South East of England. The Society would like to award a sponsorship for students at the universities specified below, who are studying subjects relevant to the MinSouth's interests of geology, mining and mineral processing. The eligibility has been extended to students studying relevant courses at the University of Exeter – Camborne School of Mines.

The courses currently considered eligible are listed in the table below:

COURSE	UNIVERSITY
<b>Mining Engineering</b>	Exeter - Camborne School of Mines
<b>Geology</b>	Brighton, Bristol, Exeter - Camborne School of Mines, Imperial College, Kingston, Oxford, Portsmouth, Royal Holloway, Southampton
<b>Applied Geology</b>	Exeter - Camborne School of Mines
<b>Engineering Geology and Geotechnics</b>	Exeter - Camborne School of Mines, Portsmouth

The application form should be sent to the MinSouth Secretary and be accompanied by the following:

- A letter from the Applicant outlining their interest in a career in the mining industry.
- A letter from the student's Personal Tutor, Programme Director, or Head of Department, supporting the application and providing documentation of pass marks and suitable attendance.

### The Award

The sponsorship will be **£1,000** per annum to be paid in the student's Final Year of an eligible course, subject to the terms and conditions of the sponsorship.

### Eligibility

1. The award is to be allocated only to Undergraduates in their Final Year and dependent on having fulfilled their University's conditions i.e. attained the necessary pass marks and satisfied the attendance requirements.
2. The student applying should not be the recipient of any other major scholarship or sponsorship other than the normal student loans and educational grants.
3. The sponsorship is intended to assist young people from the United Kingdom in entering the mining industry. MinSouth will therefore require that the Applicant is eligible for either a maintenance grant or loan from Student Finance England or an equivalent UK body.
4. The award will be open to all eligible applicants.

### Expectations of the Student

1. The sponsorship will continue until the student has graduated subject to the student fulfilling the sponsorship requirements.
2. The student must demonstrate, with supporting evidence from their university, that they have maintained acceptable academic results and attendance levels. If the student has to repeat a year, then the award will be withdrawn. In exceptional circumstances, the Committee may consider continuing the Sponsorship.
3. Study should be continuous unless exceptional conditions apply. The student must then notify MinSouth within 30 days of study ceasing, who will then reconsider the award.
4. Sponsorship will be terminated should any recipient be involved in unethical practices or exhibit unprofessional conduct at any time during the tenure of the sponsorship. Such activities are to be adjudicated by the educational establishment and the MinSouth awarding committee.
