

Mining Masterclass - Hedging

Please join us for the next webinar in our series of mining masterclasses.

We've formed an expert panel to discuss financial hedging in the mining sector, covering the following key topics:

- Reasons for hedging and use cases for hedging products
- Successful hedging strategies and the importance of hedging policies
- Operational considerations
- Regulatory obligations
- The impact of LIBOR cessation
- The evolving influence of ESG

Webinar details

Date: Thursday 23 September 2021

Time: 1-2pm BST

[Forward to a colleague](#)

Our panellists will share their experiences on these topics from a financial advisory, commercial and legal perspective.

This session will be chaired by [Iain Duncan](#), Partner and UK head of Energy and Natural Resources at Simmons & Simmons.

Following a brief introduction, the session will last for approximately 40 minutes and be followed by an opportunity for the audience to ask questions (online) for discussion in the final 15 minutes.

We hope to see you there.

This webinar is co-hosted by Simmons & Simmons, The London Mining Club and MinSouth.

By accepting this invitation your contact details may be shared with Simmons & Simmons, The London Mining Club and MinSouth for the purposes of organising this event. If you register, Simmons & Simmons, The London Mining Club and MinSouth will use your registration information in compliance their own privacy notices. Click [here](#) for further information.
